

Prio520

Prio520 is a slim two-way construction, which does not take any more room than a small bookshelf provides much more bass output. Prio520 is the first Amphion product to introduce the TAPS (Time Accurate Point Source) concept. TAPS ensures perfect integration of the drivers and creates a time-coherent point source multi-driver combination.

Prio520 has been manufactured between 2007 and 2013.

Technical specifications

Operating principle	Two-way, vented
Tweeter	1" titanium
Mid / woofer	2 x 5¼" paper
Crossover point	1600 Hz
Impedance	4 Ω
Sensitivity	91 dB
Frequency response	35 - 30 000 Hz +/-3dB
Power recommendation	10 - 150 W
Measurements (H x W x D)	1040 x 160 x 215 mm
Weight	17 kg
