

Prio520C

Midrange resolution and purity are especially important for center channel. Prio 520C delivers in spades. Those late night listening session benefit greatly from amazing speech clarity - even at low levels. Wide sweetspot allows more people to enjoy the small sonic and spatial cues that the sound engineers work so hard to get just right.

Prio520C has been manufactured between 2007 and 2013.

Technical specifications
