

Amphion A15

The Amphion Sound. Perfected for Professionals. Now Available in the Home.

Amphion is renowned for design technologies and aesthetics that have shaped the future of audio - timeless, foundational concepts adopted by the entire industry. From waveguide technology (1998~), to modern all-white speaker design (2005~), to passive radiator architecture (2013~).

Now, we bring our studio-grade pedigree directly into your home listening space - that same exceptional clarity and musicality trusted daily by the world's top sound engineers is now accessible to everyone. Meet the Amphion A15 active loudspeaker.

Intuitive installation and effortless operation. Maintains our minimalist design ethic. Provides a strikingly emotional listening experience. Engineered for longevity and a minimal ecological footprint, it's pure sonic indulgence.

Amphion A15. Active Done Right.
